

Welcome to the LCS Community!

My name is Laura Vis, and I am the Parent Advisory Council (PAC) President. This is the third year of having an established PAC in our school community.

As a parent/guardian with a student enrolled at LCS, you are a member of the PAC. The PAC is dedicated to building community, developing parental engagement, and supporting the mission of Langley Christian School. A PAC provides families with a forum for feedback, engagement, and communication between the school and the parent body. We want to serve, encourage, and strengthen the staff, students, and community at large. We also help to organize and provide additional resources through various volunteer activities, parent education evenings, school events, outreach events and fundraising through the Hot Lunch Program.

One of the biggest benefits of having a PAC at a school is the sense of community it can bring. Meeting regularly to discuss what's happening at the schools, sharing ideas and concerns, and finding ways where you can volunteer and use your gifts at our schools is a great way to build community. We all want to be known and feel a part of a community and being an active PAC member is a great way to do just that.

PAC meetings are held the second Wednesday of each month in the Elementary School Multipurpose room upstairs. Our first PAC Meeting of the Fall takes place on Wednesday, September 11th at 7:00 pm. This is also our General Meeting (AGM) where we vote on the new Executive Roles of the PAC and our proposed budget. All are welcome and light refreshments will be served. More information will be sent out in the summer. We hope to see you there!

Laura Vis
PAC President 2023-2024
